**Wed.-Friday, December 16-18** - Final Exam Week... [click for schedule](#)

MADISON ACADEMY  
PRESENTS

# Hope's Greatest Hits

December 5 • 11 AM  
MA Gymnasium

live-streamed on Youtube @ madisonacademyonline

Our students and teacher have prepared for this year's Christmas church service in a different way. While we are missing the big "event", we are learning new ways to communicate and using new tools for editing music and video. Look for the Youtube link on Sabbath morning and enjoy our Christmas offering of *Hope's Greatest Hits*.

## Generosity is Contagious...

...And we know it! Thank you to those who generously donated on Giving Tuesday. In just one day, MA's friends gave \$6955 for the pavilion project and another \$3500 for work-matching scholarships.

There is still time to contribute! Our students are worthy of the engaging experiences and the learning spaces we envision for them. The pavilion and concession/restroom building will provide an outdoor area for classes and activities.

Click the photos below to hear from our students and consider how you will support the exciting things happening at Madison Academy.

## Joyeux Noel Showing on Wednesday, Dec. 9

This next Wednesday evening from **5:30 - 7:30 pm** Mr. Ram will be showing a movie (see the paragraph below for more on the film) in the chapel for extra credit for all of his history classes (Geography, World History, US History, & Government). It is completely optional and not required. Parents are welcome to attend. Covid-19 protocols will be enforced.

To earn extra credit students must answer the four required questions on the uploaded worksheet. However, the more questions you answer the more extra credit points you can accumulate. If you are unable to attend but can watch the film later on the extra credit option is available to you. See Google Classroom for more details.

**Joyeux Noel** (Merry Christmas) is a 2005 war drama based on the Christmas Truce of 1914. The story is told through the eyes of Scottish & French (Allied Powers) and German (Central Powers) soldiers. It was written and directed by French filmmaker Christian Carion. The story is historical fiction based on the facts of the actual events. The characters are composites but all the actions depicted in the film actually occurred. It is a powerful anti-war film and it ranks in the top 20 of Mr. Ram's favorite movies.

WREATHS

INVITE YOUR FRIENDS & NEIGHBORS!

## Health & Safety Update

Good news to report! The CDC guidelines have changed slightly. You can read all about it [at this link](#). For Madison Academy, our new quarantine protocols for a positive exposure will be:

- No Test = 10 days from exposure
- Negative Test = 7 days with a negative test no sooner than 48 hours before 7 days is up
- Positive Test = 10 days from first symptoms and at least 2 days symptom free

Fourteen days of quarantine is still considered optimum, and with the use of our virtual education it is certainly an option.
