- Math** Students must be enrolled in a math course each year. College Prep Diploma must require Algebra 2. MA Honors Diploma requires Pre-Calculus.
- Science / STEM** 40 sp required beginning with Class of 2022. Required courses include Biology, and Chemistry. MA Honors Diploma requires either Anatomy & Physiology or Physics. College Prep and General diplomas may opt for Computer Principles.
- Social Science** Transfer students are not required to take Geography.
- Physical Education** All diplomas must take 10 sp of Physical Education (*does not include fitness, Acros, etc.*)
- MA Honors Diploma** Requires four honors level courses between the Junior and Senior years which requires Pre-Calculus (MATH 120/121). Further options include Advanced courses in history, English composition, statistics, and personal finance.
- Fundamentals** Only the General Diploma can include courses designated as "Fundamentals".
- ESL Courses** English as a Second Language courses meet the requirements for either the General or the College Prep Diplomas.
